

The Eye of The Needle Dog Collar Finishing Form

Total Length:

If you bought a canvas from us, you do not need to worry about this section. Your canvas will be 5" less than your measured collar size. We need plain background 1.5" before your design begins and 1.5" after the design ends. We need this plain background area for the leather tabs to be properly anchored and the billet to swing over. Example: If your collar is 20" you will needlepoint 15" in length with design area of 12"

Finishing Details:

Our Finisher glues and stitches your canvas to the finest full grain leather giving it the most durable and quality finish available. We will block your canvas for you before sending to our finisher.
