

# The Eye of The Needle Belt Finishing Form

## Full Grain Leather (Most Popular)

### Total Length:

If you bought a canvas from us, you do not need to worry about this section. Your canvas will be 5" less than your measured belt size. We need plain background 3.5" before your design begins and 2" after the design ends. We need this plain background area for the leather tabs to be properly anchored and the billet to swing over. Example: If your belt is a 38 you will needlepoint 33" in length with design area of 27.5"

### Belt Width:

Your canvas will need to be either 21 or 23 rows wide. Your belt MUST have a finishing stitch. Our finisher will not leather your belt with rollover rows. If you have already stitched more rows in leu of a finishing stitch, please refer to the calf skin finishing form.

### Finishing Details:

Our Finisher glues and stitches your canvas to the finest full grain Italian leather giving it the most durable and quality finish available. We will block your canvas for you before sending to our finisher. We cannot stress enough that you MUST measure your belt as the diagram below depicts! In 36 years of business, we have never seen a needlepoint belt only 2" larger than pants size!
