The Eye of The Needle Belt Finishing Form
8-14 Week Finishing Time **(For most accurate time, please call)**

Total Length:

Your canvas will be 6" less than your measured belt size. We need plain background 2.75" before your design begins and 2" after the design ends, unless repeating pattern. We need this plain background area for the leather tabs to be properly anchored and the billet to swing over. For further clarification see full Grain Stitching Guidelines on Finishing Services.

Belt Width:

Your canvas must be 21 - 23 rows wide on 18 Count Canvas and 13 - 15 rows on 13 Count Canvas and will need a finishing stitch. If you've done extra rows in leu of a finishing stitch (2 rows on top and bottom) this will be considered a roll over and thus a finishing stitch cannot be added.

Finishing Details:

Our Finisher glues and stitches your canvas to the finest full grain Italian leather giving it the most durable and quality finish available. We will block your canvas for you before sending to our finisher. We cannot stress enough that you MUST measure your belt as the diagram below depicts! In 36 years of business, we have never seen a needlepoint belt only 2" larger than pants size!
